## Friends + Family

As fall approaches and the air is crisp and refreshing, we welcome our friends and family to once again enjoy the Jones Pond experience. The weekend kicks off with BINGO in the Barn at 8:30pm, followed by Dancing with VJ Dennis and our popular Campfire with Todd and Kurt.

Saturday we are proud to announce two marriage celebrations here at Jones Pond Campground. Charlie Barton and Steve King invite everyone to their marriage at 1pm next to the Pond. At 3pm, you are invited to celebrate the marriage of Jim Costich and Lee Sheldon in the Barn.

At 6pm in the Barn we will have our Friends and Family Pot Luck Dinner. We will also continue the celebration of our newlyweds where you can raise a toast to our happy couples. Everyone is invited and encouraged to bring your favorite dish to pass.

Following the Pot Luck Dinner we will feature Karaoke with John in the Barn with huge selection of great songs. So come out a croon a tune or two. At 10pm, we will hold our regular Saturday night Disco in the Barn with VJ Ben and our community campfire.

Relax and enjoy Sunday by the pool. As we wind down another great season at Jones Pond, we are happy that you chose to spend some time with us and your friends and family, because at Jones Pond.....

EVERYONE is FAMILY!

## B-I-N-G-O in the Barn

#### Helpful Tips and Tidbits

Well...Howdy Ya'll! Just wanted to say it has been so much fun helping out at Jones Pond this summer with my recipes and helpful hints and tidbits. Before, I head back to Spring Ditch, SC for the winter I wanted to leave you with some more good info. In the south we love our Co-Cola (as we call it) and here are some useful tips besides enjoying it ice cold with your Jack Daniels.

#### Remove Grease, Creosote & Asphalt from

**Clothes:** If you get grease, creosote or asphalt on clothing, just pour a can of regular coke in the wash water, along with the normal amount of detergent. The Coke will remove the stain. *This really came in handy when I got fry grease on my apron at Bubba's Bowl-A-Rama*

**Clean Battery Corrosion:** Here is how I keep my 1974 Gremlin purring like a kitten. When my battery gets all gunked up with corrosion, I pour a can of Coke on my car battery's connections to remove that cruddy corrosion. A clean connection makes it easier to start your car!

**Bug & Road Film:** What's the last thing that goes through a bug's mind, when he hits your windshield? ... HIS BUTT!

And that butt and guts can leave a sticky mess on your car and glass. I use Coke to clean off accumulated crud from the windshield of my car. I buy a 600 ml bottle and shake it up so that it acts like a pressure pack can. The citric and phosphoric acids lift everything off, including crusted on bugs. Best not to do it in full sun, and wash it off immediately.

Have a COKE and a SMILE!
